About Us

Q Ventures Pvt. Ltd. is an ISO 9001:2008 certified IT Solutions Company that provides web enabled e governance and CMS based webportal solutions for the Education sector. Our company is dedicated to build large enterprise level technology solutions exclusively for the field of Education. Our Vision is to build solutions that would manage the future of educational services in India. Our Solutions are distinct in design to suit the Higher Education Sector and are in compliance with both the State and Central Governments of India.

Presenting a Comprehensive Integrated University e Governance System that's fully compliant with all major apex regulatory bodies such as MHRD, UGC and State University Governing Bodies

Our e Governance Solution integrates various University Administrative Units such as AO, FO, EB, UG/ PG/PhD Admissions, Student Welfare, CDC, Physical Education, Engineering and all other Departments of Studies end to end using an easy to use, bilingual, single sign on, singular central database architecture

- Student life Cycle Management - From Entrance examination and Admission to Convocation
- Staff life Cycle Management - From Notifications to Retirement including a Pay Roll management built as per the 6th pay commission rules
- Finance Management – A Double Entry System of Recording as per ICAI recommendations
- Document Management – Tappal/File/Letter Movement from Case Worker to Registrar and VC

Our University e Governance System helps in faster delivery of services and facilitates real time information flow establishing stakeholder satisfaction. It builds efficiency, effectiveness and transparency in the system. It enables resource optimization and creates value. Reports generated from the solution can be utilized for various compliances and accreditation

Our e Learning Solution for Educational Institutions is designed for contemporary learning and teaching. The Platform supports Course Management, Online Distance Education as well as Certification Programs

Our e Commerce Solution enables Campuses to have an online shop for their merchandise and other supplies backed by a robust procurement engine for efficient supply chain management.

Our Services

Our Services include integration of our Solution with facilities such as Biometrics, Bar Code, SMS, Online Payment, Tally and others. We also offer Interactive services such as Email, Chat, Video/Web Conferencing, Multilingual Support etc. Our Value added services include Tamper Proof Certificates, Smart Cards and Self Serviced Information Kiosks. We also facilitate mobility of our Solution through apps for Fee Payments, Progress and Attendance Reports and real time communication between stakeholders.

Technology

Q Ventures Pvt. Ltd. uses Open Source Technologies for its Product Development. The Solution Architecture is designed to function as a Single, Centralized Database with integration of various Departments & Branches, based on services. Multiple Simultaneous users can access the solution through intranet & Internet. The Delivery Model is Web enabled and Device & Platform independent
